DETAILED ACTION

Response to Amendment

1. The amendment filed on 13 August 2008 has been accepted and entered.
Claims 2, 17, and 18 are cancelled.

Response to Arguments

2. Applicant has amended the claims without entering arguments. The rejections under 35 U.S.C. 102 and 103 have been withdrawn in view of the presently amended claims.

Claim Rejections - 35 USC § 112

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

4. Claims 11-16 and 21 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. **Note:** A single claim which claims both an apparatus and the process of using the apparatus is indefinite under 35 U.S.C. 112, second paragraph. Ex parte Lyell, 17 USPQ2d 1548 (Bd. Pat. App. & Inter. 1990).
5. The presently amended claims do not overcome this rejection, as claim 11 is a method claim improperly dependent upon claim 1, which is directed to a product.
6. Claims 12-16 and 21 are rejected for reasons of dependency upon claim 11.

Claim Rejections - 35 USC § 101

7. 35 U.S.C. 101 reads as follows:

Art Unit: 2884

Whoever invents or discovers any new and *useful process, machine, manufacture, or composition of matter*, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

8. Claims 11-16 and 21 are rejected under 35 U.S.C. 101 because the claims are directed to neither a "process" nor a "machine," but rather embraces or overlaps two different statutory classes of invention set forth in 35 U.S.C. 101 which is drafted so as to set forth the statutory classes of invention in the alternative only. *Id.* at 1551.

9. This rejection has not been overcome by the presently amended claims, as claim 11 is a method claim improperly dependent upon product claim 1.

10. Claims 12-16 and 21 are rejected for reasons of dependency upon claim 11.

Allowable Subject Matter

11. Claims 1, 3-10, 19, and 20 are allowed.

12. The following is an examiner's statement of reasons for allowance:

Claim 1 has been amended to include the allowable subject matter of original claim 2, as set forth by the examiner in the communication mailed on 14 April 2008.

Claims 3-10, 19, and 20 are allowable for reasons of dependency upon claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

13. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
